reIMAGINING

RETAIL DISPLAY

Ditto Sustainable Brand Solutions was created to help retail companies fashion a store environment that is transparent and passionate. We have redefined the shopping experience by using sustainable and recyclable materials to replace toxic and unrecyclable retail displays. Our products are authentic and speak loudly to a new generation of shoppers.

reCONNECTING YOUR COMPANY'S BRAND

The real strength of the Ditto Display is in its **BRANDING** Power. The Ditto Paper Display redefines the hanger as an unique marketing and sales tool unlike any on the market. That's because Ditto is the **ORIGINAL** Sustainable Hanger. And with GOH systems, the Display goes home with the customer, where the branding works overtime in their closets.

We design award-winning, customizable displays to fit our client's branding and messaging perfectly. Ditto Displays do more because they say more.

THE SMART POLY BAG

- 100% petroleum-free, non-GMO agricultural starch grown in Europe
- Thistle, sunflowers, potatoes, corn
- Certified biodegradable and compostable
- Beautiful, silky hand-feel, opaque or translucent
- Extremely strong
- For shipping, online customers or in store use
- Available in custom sizes and with branding.

THANK A FARMER FOR THIS BAG

Made from sustainable, renewable plant materials like sunflowers, thistles, potatoes, or corn.

That makes it compostable and fully degradable in soil or water.

In the meantime, use it to stow damp bathing suits, clothes, shoes or souvenirs in your luggage for the trip home.

Bonus:
non toxic and petroleum free.
